Front-End Developer

Designing and development predominantly of industry-disrupting learning management systems for a range of clients including L'Oreal, Santander, BT Group, Subsea7, HRA Pharma, Specsavers, and Kia Motors.

bet365

2014 - 2019

Design Implementation Analyst (QA)

Working on sprints, created on Jira, in agile teams to design, annotate, wireframe (UI/UX), prototype, test (UAT), and deploy a range of pixel-perfect projects.

Interests

I love all genres of music, painting, and spending time with my family. I enjoy designing and coding recreationally, as well as cycling, outdoor adventures, and tending to the crops and Silkie Chickens at the allotment.
